

# Adapted/ Color-Coded Calculator

Great for ECE-2<sup>nd</sup> grade students or students with disabilities!

## Includes:

- Printables for color-coding a calculator
- Color-coded addition task cards!

How to use:

- Print, laminate and cut out the number squares on this page. Hot glue to the numbers on a calculator.
- Print, laminate and cut out the addition task cards.
- Cut out number cards/ addition problem answers.
- Attach velcro to the back of number cards and boxes that say "velcro"

I can do addition with a calculator!

$$1 + 2 = \text{velcro}$$

I can do addition with a calculator!

$$1 + 1 = \text{velcro}$$

I can do addition with a calculator!

$$1 + 0 = \text{velcro}$$

I can do addition with a calculator!

$$1 + 3 = \text{velcro}$$
